'Generational opportunity' or tax concern?

Proponents and opponents of Alabama Gov. Kay Ivey's plan to increase gas taxes to support infrastructure have been speaking out publicly ahead of today's unveiling of the plan.

This is what they are saying: [trib.al/XoVTABu](#)

**Montgomery Area Chamber of Commerce** is with Willie Durham.

16 hrs · 🌐

The Chamber was delighted to host a news conference to share information about Montgomery's roads and bridges from DC-based transportation research organization, TRIP.

TRIP's report shows the need for our continued support for investment in our region's infrastructure. Efficient and well-maintained roads and bridges are the key to continuing economic development success and enhance quality of life.

## Birmingham Business Alliance

February 25 at 11:58 AM · 🌐

This morning TRIP released a report about Birmingham's roads and discussed some of the findings with the media at the Birmingham Business Alliance office. Senator [Jabo Waggoner](#) was also on hand to discuss how the state is working to improve infrastructure so that hopefully the below infographic will no longer be relevant soon.

Driving on Birmingham area roads that are deteriorated, congested and that lack some desirable safety features costs the average driver \$1,846 each year in the form of additional vehicle operating costs (VOC) as a result of driving on rough roads, the cost of lost time and wasted fuel due to congestion, and the financial cost of traffic crashes.

### Deficient Birmingham Roads Cost the Average Driver \$1,846 Annually
