21 months into the pandemic, traffic on [#Colorado](#) highways is back to 2019 levels, a new report from [@TRIP\\_Inc](#) finds. And it comes as the state is about to get infusions of state and federal funding for transportation — and as freight advocates urge help:

[bizjournals.com](https://bizjournals.com)  
**Study: Colorado highway traffic has nearly tied pre-pandemic levels**  
 A national research group warns that the state needs to invest new federal and state money in improving roadways that carry freight traffic.
